

GREATLY SENSED - V

How does it go down
your way over
there far from
here distance imposed
is greatly sensed.

Do you sink or
bouyant head
spinning as questioning
rocks your core
I reinvent the wheel.

*Like Sisyphus pushed
strong armed strongmen face
retribution for lust for
self- aggrandizing
guile.*

Do you keep your
balance in purity
fatalism or
surrender to
I just work.

Are you well on
your raft alone or
befriended in touch
with only yourself
It's a new one for me!
