

UNLEASHED - VIII

Something unleashed
into the World
no stopping it now

Something escaped
out of the Box
won't go back now

Genies ooze
out of the Bottle
forever now

Something Big
in the Making
for decades now

Something morphes
sense the Shift
it's bad now

Something gropes
feel the Touch
grows larger now

Something old spreads
read on the Walls
each second now

Something new rises
tremble in Shadows
of Triumph now.
