

## FRAGMENTATION AND WANDERING - VI

Fragmentation of wandering  
souls cut to  
bits belonging to  
this or that place time life  
strung out on  
a grid-like map of identity.

One plane simultaneous  
multiples identities realities  
each a fragment  
square dots on  
this flat map  
this flat world.

Fragments don't forfeit completion  
acquire identities dualities still  
parts of the whole  
fractal offshoots  
repeating essential forms of  
source.

Linear non-linear  
variants in progression

*fragmentation.*

Rolls scrolls stacks boxes  
*wandering*  
ready-to-pack run move on  
cuts folds slices work in entirety  
forming grids of identity  
*fragmentation and wandering.*
